 - No
 - Yes - Place: _____ Days/times: _____
5. Do you have reliable access to internet or mobile data services?
 - No
 - Yes
6. Rank your preference for services (1 – “I want the most” 2 – middle 3 – “I want the least”)

B1 Combination of In-Person and Virtual

Class A – Week 1 In-Person, Week 2 Virtual, etc.

Class B – Week 1 Virtual, Week 2 In-Person

- In-Person home visits will be offered for 1.5 (with approx. 1 in person home visit/day to allow for cleaning of materials, planning, etc.)
- Virtual weeks at home, families will receive a “virtual home visit” – via ClassDojo, ZOOM, phone call, etc. depending upon family resources and preference. (Time will range from 30-90 minutes depending upon child and family needs)
- Virtual weeks at home, families will receive individualized take home manipulatives and resources

B2 - Alternative site home visits

- An alternative site may be used to reduce exposure / increase cleaning of home visits (i.e. outdoors, school classroom at colony sites, community room, etc.). This allows for home visitor to control cleaning/environmental issues.

B3 Fully Virtual

- Families will receive individualized take-home manipulatives, activities and resources weekly
- Families will receive access to video-learning via TeachingStrategies, ClassDojo and Head Start YouTube Channel assigned to each site for uploaded teacher videos

Each preference/need for in-person or virtual services will be determined through this questionnaire, CDC Guidelines, DOE Guidelines and local health officials and Head Start.

Staff will let parents know ASAP which services will be offered.
