

The Office of Head Start has mandated face coverings for all children over the age of two attending Head Start. As an agency we will not dis-enroll children who do not wear masks. If you do not want your child wearing a mask please sign this form. Children will be required to wear them on the bus as social distancing is not an option.

I am aware of the Head Start masking mandate. I am aware of COVID-19 and the risks associated with my child possibly getting or being exposed to COVID without a mask while at Head Start. I am requesting my child not follow the masking policy, during the duration of the school day while on the Head Start premises.
